

How it Works: Credit Builder is a combination low-interest loan and savings program that helps you establish a good payment history, an important step in building a higher credit score. You borrow from \$250 to \$2,500 for 12, 18 or 24 months. The money you borrow is placed in a Savings Account which earns interest. When you make your final payment, you can withdraw the money from the Savings Account, or you can leave it invested so it continues to grow. By the end of your 12, 18 or 24 month Credit Builder Loan, you should see an improved credit score (based on your payment history) and you'll have a jump start on savings.

Sample Payments:
